OUR GUESTS

Our four Soloists are well known to all music lovers over a wide area having participated in many productions of Light and Grand Opera, presentations by University and other choral societies and as teachers and lecturers. We are privileged to have them here tonight.

Our supporting artists, Chris Howarth, John Earls and Chris Hind are training to become professional musicians and we are grateful and fortunate in being able to feature them with us this evening.

Robin White has held a number of professional music appointments since graduating via the London Guildhall College of Music and the Royal College of Organists. He is at present Head of the Music Department at the Forest School, Wymersley.

Beatrice Baker. You will no doubt have heard Beatrice playing on many occasions as apart from other appointments as a busy musician she was the official pianist for the Reading Operatic Society for many years.

The Shinfield Choir has distinguished itself over a number of years by entering and obtaining "Firsts" in local competitive Music Festivals, including Reading, Oxford, Tilehurst Eisteddfod, Shinfield etc., and by singing Evensong on a number of occasions at Winchester, Hereford and Portsmouth Cathedrals, at the invitation of the Cathedral Organists.

The Organist/Choirmaster at Shinfield is the present Musical Director of our Thames Vale Choir. We sang together at Shinfield on the 21st October, and are very pleased to welcome the Choir to Purley this evening.
